# Taurus

Mid capacity electric water heaters

# TAURUS / TAURUS BF

Lamborghini CaloreClima, specialised in the conception and production of technical HVAC products, proposes his electric water heater, **Taurus**, entirely manufactured in Italy. The tank is enamelled with a titanium-glass powder process, highly hygienic, antishock and corrosion free. The series ranges from 50 to 150 liters .

## Heating element

Besides standard version, namely **Taurus**, featuring heating element in copper, **Taurus BF** is also available with **Blueforever** enamelled element. This heat treatment obstacles incrustations of limestone. Lifespan of the element and appliance is then highly increased, above all maintaining unvaried performances.

## Main features

### Thermometer

In robust ABS

### Magnesium anode

Protecting tank from galvanic corrosion

### 5 bolts flange

Robust sealing, EPDM gasket, 70 mm manhole access to the appliance

### External regulation

On vertical model, stepless adjustment

### Thermostat

Double safety design: regulation, with antifrost setting and safety, with manual reset

# Dimensions

Vertical

Max. operating pressure: 8 bar  
Voltage: 220-240 V 50-60 Hz

Horizontal

# TAURUS 200

TAURUS 200 covers the needs of big residential plants or commercial applications for collective leisure, restauration, lodging facilities.

## Element

Copper / Steel

## Range

Model 200 litres - Vertical / Horizontal

## Regulation

Internal

Setpoint temperature can be modified through the internal knob, removing the plastic cover. It is however factory pre-set in order to get maximum possible efficiency according to european regulation 812/2013.

## Dimensions

Vertical

Max. operating pressure: 6 bar  
Insulation thickness: 33 mm  
Voltage: 220~240 V 50-60 Hz

Horizontal
